

LYRIC
Fixed Seating

Lyric Fixed Seating

Lyric meets the needs of the value conscious buyer of durable fixed seating, while maintaining the high level of quality and comfort that is associated with all Navetta products. The chair is constructed of rugged steel seat and back frames, which are fitted with suspension webbing and upholstery that are then protected with injection-molded plastic shells. The Lyric line includes many enhancements found in higher priced chairs.

Features:

- Lifetime warranty.
- Gravity tip-up mechanism with sound dampening bumpers insures that the seat will always return to a consistent vertical position.
- Armrests are molded of durable high-density polyethylene.
- Powder-coated finish is standard on steel components.
- Unique floor plate design conceals anchoring bolts and provides a clean appearance.
- Plastic seat and back shells are molded of impact resistant polypropylene.
- Slim profile of 18" allows maximum capacity planning.
- High-density polyurethane cushions provide exceptional comfort and are upholstered in a wide variety of fabrics or COM .
- Innovative molded seat hinge design provides quiet return action and requires no maintenance.

Models:

- **Lyric D-4** Equipped with injection-molded polypropylene seat and back shells and inner upholstered cushions.
- **Lyric D-1** Equipped with injection-molded polypropylene seat shell with inner-upholstered cushion and wood veneer outer back panel with inner upholstered cushion.

Options:

- Aisle Lights
- End Panels
- Removable Chairs
- ADA Transfer Arms
- Wood Armrests
- Seat/Row Identification Tags
